& interest level

INFANT & TODDLER

BIRTH-AGE 3/4

The board books in these collections introduce basic concepts and stories. Illustrations and/or photographs are large and bright—depicting objects, people, and animals that young children love! Most books are standard board book size.

GRADES PreK-1

AGES 4-6

Books at this age level appeal to children who enjoy listening to stories and are ideal for those who have become interested in learning to read independently. PreK–Grade 1 books contain beautiful illustrations, pictures, and balanced text to spark a child’s imagination and bring the stories to life.

GRADES 2-3

AGES 7-9

Books for children aged 7–9 continue to emphasize basic reading skills and provide easy to mid-level reading material. You will find a mix of easy chapter readers and longer chapter books in addition to nonfiction titles.

GRADES 4-6

AGES 9-11

Books for children in Grades 4–6 emphasize fluent reading skills and encourage a lifelong love for reading by providing age appropriate content and materials.

GRADES 7+

AGES 12+

Books at this level are longer and more challenging than those in the previous sections. Subject matter is more mature as children gear up to enter and enjoy their journey through high school. Nonfiction books include facts, photographs, and graphical elements, which can be nice selections for reluctant readers.

SPANISH

GRADES K-3

These selections provide high quality Spanish and bilingual titles that satisfy the needs of today’s diverse student population. Many are well-known books translated for the growing Spanish population.
