History

This rich selection sails along with Columbus, drafts the Declaration of Independence, fires the cannons that launched us from the Antebellum, and treks the jungles, deserts, and shores that played host to the world-shaping battles of the 20th century and today.

The Human Experience & Politics

In a society of trends and headlines, it's easy to lose the substance of our social, cultural, and political existence. When it comes to life in the 21st century, these titles run the gamut from human rights concerns, to bureaucratic bandying on Capitol Hill, to strategies of building a successful business, to anthropological events that led up to all of it.

Summer Reading

School's out and the summer sun beckons. As they spend the next few months shoveling down hotdogs at the ball game, watching the fireworks over the lake, and wading through wavepools at the water park, couldn't they use a book or two to keep them company? Put an end to the summer slide with these teacher-inspired summer reading titles.

Poolside Picks

Leisure reading promotes a love of reading for students during the summer. Encourage them to spend some of their break enjoying these books wherever the warm weather takes them.
