## Why consider a digital product for your class, school, or district?

### DIGITAL NATIVES

Students today are considered to be adept users of technology. They have never known a world without it!

### SPEED AND FLEXIBILITY

Resources for both teachers and students are available at your fingertips—anywhere you have a device handy.

### ENHANCE AND AMPLIFY

Digital content easily enhances existing curricular approaches and materials by integrating games, activities, lessons, quizzes, and so much more to extend teaching AND learning—both in the classroom and at home.

## We've always been more than just books.

Today's classrooms are exciting places filled with learning, exploration, and discovery, much of which is now happening on the digital frontier.

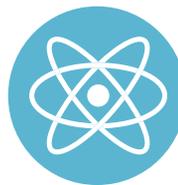

As part of AKJ Education's commitment to supporting teachers, we are pleased to highlight some of the best digital products on the market that help make the blended classroom easy. In this catalog, you'll find award-winning products for students in grades K-12 covering a wide variety of subjects teachers focus on each day:

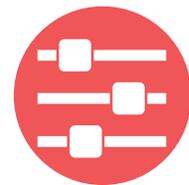

**READING &  
LANGUAGE ARTS**

**HISTORY &  
SOCIAL STUDIES**

**STEM**

**CROSS  
CURRICULAR**

If you're interested in even more, you can find our full collection of digital offerings on our website at [www.akjeducation.com](http://www.akjeducation.com).

And, of course, we will always offer the books and curriculum resources teachers have appreciated from us for the past 40 years. As always, thank you for working with AKJ Education.
